

(1) The United States is the world leader in the development of environmental technologies, particularly clean coal technology.

(2) Severe pollution problems affecting people in developing countries, and the serious health problems that result from such pollution, can be effectively addressed through the application of United States technology.

(3) During the next century, developing countries, particularly countries in Asia such as China and India, will dramatically increase their consumption of electricity, and low quality coal will be a major source of fuel for power generation.

(4) Without the use of modern clean coal technology, the resultant pollution will cause enormous health and environmental problems leading to diminished economic growth in developing countries and, thus, diminished United States exports to those growing markets.

(b) **STATEMENT OF POLICY.**—It is the policy of the United States to promote the export of United States clean coal technology. In furtherance of that policy, the Secretary of State, the Secretary of the Treasury (acting through the United States executive directors to international financial institutions), the Secretary of Energy, and the Administrator of the United States Agency for International Development (USAID) should, as appropriate, vigorously promote the use of United States clean coal technology in environmental and energy infrastructure programs, projects and activities. Programs, projects and activities for which the use of such technology should be considered include reconstruction assistance for the Balkans, activities carried out by the Global Environment Facility, and activities funded from USAID's Development Credit Authority.

RESTRICTION ON UNITED STATES ASSISTANCE FOR CERTAIN RECONSTRUCTION EFFORTS IN THE BALKANS REGION

SEC. 599B. (a) Funds appropriated or otherwise made available by this Act for United States assistance for reconstruction efforts in the Federal Republic of Yugoslavia or any contiguous country should to the maximum extent practicable be used for the procurement of articles and services of United States origin.

(b) **DEFINITIONS.**—In this section:

(1) **ARTICLE.**—The term "article" means any agricultural commodity, steel, communications equipment, farm machinery or petrochemical refinery equipment.

(2) **FEDERAL REPUBLIC OF YUGOSLAVIA.**—The term "Federal Republic of Yugoslavia" includes Serbia, Montenegro and Kosovo.

CONTRIBUTIONS TO UNITED NATIONS POPULATION FUND

SEC. 599C. (1) **LIMITATIONS ON AMOUNT OF CONTRIBUTION.**—Of the amounts made available under "International Organizations and Programs", not more than \$25,000,000 for fiscal year 2000 shall be available for the United Nations Population Fund (hereinafter in this subsection referred to as the "UNFPA").

(2) **PROHIBITION ON USE OF FUNDS IN CHINA.**—None of the funds made available under "International Organizations and Programs" may be made available for the UNFPA for a country program in the People's Republic of China.

(3) **CONDITIONS ON AVAILABILITY OF FUNDS.**—Amounts made available under "International Organizations and Programs" for fiscal year 2000 for the UNFPA may not be made available to UNFPA unless—

(A) the UNFPA maintains amounts made available to the UNFPA under this section in an account separate from other accounts of the UNFPA;

(B) the UNFPA does not commingle amounts made available to the UNFPA under this section with other sums; and

(C) the UNFPA does not fund abortions.

(4) REPORT TO THE CONGRESS AND WITHHOLDING OF FUNDS.

(A) Not later than February 15, 2000, the Secretary of State shall submit a report to the ap-

propriate congressional committees indicating the amount of funds that the United Nations Population Fund is budgeting for the year in which the report is submitted for a country program in the People's Republic of China.

(B) If a report under subparagraph (A) indicates that the United Nations Population Fund plans to spend funds for a country program in the People's Republic of China in the year covered by the report, then the amount of such funds that the UNFPA plans to spend in the People's Republic of China shall be deducted from the funds made available to the UNFPA after March 1 for obligation for the remainder of the fiscal year in which the report is submitted.

AUTHORIZATION FOR POPULATION PLANNING

SEC. 599D. (a) Not to exceed \$385,000,000 of the funds appropriated in title II of this Act may be available for population planning activities or other population assistance.

(b) Such funds may be apportioned only on a monthly basis, and such monthly apportionments may not exceed 8.34 percent of the total available for such activities.

This Act may be cited as the "Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2000".
